CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 278 pages. Dimensions: 7.9in. x 5.0in. x 0.9in. The author takes you with her on her race for survival through a bizarre world of manipulative conspirators. Employing the notorious GhB a drug that can virtually turn anyone into a willing slave, combined with the potentially lethal power of hypnosis, gang stalkers on two continents, the latest technology for monitoring and recording all voyeuristic activity, these outwardly respectable criminals send her on a journey into a 21st century hell which defies imagination, gravely endangering her physical and mental health and leaving her destitute. Even while she is still outwardly compliant, she begins to understand that something is very wrong in the way she feels and what is going on around her. How does anyone survive such an ordeal? What are the effects on the victims of mind altering and so called truth drugs? How does a woman caught in the net of gang stalkers escape? How does she rebuild her life and start the process of seeking justice against the perpetrators? Her only weapon is her continuity trained memory. Over the three months she was drugged, she mentally kept track of everything that happened like a continuity girl on her own nightmare. As she battles with the withdrawal from the forced addiction, the hundreds of pages she has mentally written down float around in front of her. In a race against time, she has to pick up the pages, number them and turn them into a book as fast as possible. This is her shocking story. Reviews: Robert Priebe - I met the author a few weeks ago at her shop in Hallstatt. My wife was trying on a dress and I picked up one of two...
