

Quakernomics: An Ethical Capitalism

By Mike King

Anthem Press. Paperback. Book Condition: New. Paperback. 200 pages. This book explores Quaker enterprises from 1700 to 2010 as examples of an ethical capitalism, and tests them against prominent economists and their concern for economic justice. King offers Quakernomics as a model for corporate social responsibility in the modern world, exploring Quaker businesses which combine commercial success with philanthropy and social activism. King argues for the Quakers practice of total capitalism not as a historically remote nicety but as an immediately relevant guide for todays global economy. This item ships from multiple locations.
