The practices being demonstrated in these orchards are: spraying, fertilization, cultivation, cover cropping, pruning, intercropping, thinning, borer control, winter injury from mice and rabbits, etc. Small fruit growing is rightly coming into prominence in the County, due to the ever increasing demand for berries, etc. Poultry Two economic management demonstrations were carried on under the direction of the Poultry Specialist from the Massachusetts Agricultural College. A culling school was held early in the season with a number of the leading poultrymen present. These men have carried on the culling work in their towns in many cases doing commercial culling work at a small charge per bird. Poultry field meetings were held at two plants with an attendance of 121. A disease control demonstration was given by a specialist and poultry culling demonstrations and talks on management were given by the owners of the plants...
