The morning of 9/11 Brenda Grant and Daniel Henderson met for coffee before going to their software firm in the World Trade Center. Founding their own software security firm, they never forgot that morning of horror. Grant and Henderson then establish a clandestine division inside their company committed to covertly tracking down global terrorists. In a search involving Washington DC, Egypt, Italy and Turkey, they expose a plot to hijack a US presidential election, rig voting machines, and topple democracies worldwide.
