Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Specimens of Scottish Literature, 1325-1835 In this work I have made an attempt to illustrate the character and history of Scottish Literature by a series of specimens taken from each of its three periods. To procure satisfactory texts has not been always easy. Some of those made use of I have had to revise and edit, and several of them have been taken by permission from the publications of the Scottish Text Society, for which I tender my thanks. In the Notes and Glossary an effort has been made to make the extracts printed thoroughly intelligible to those who are not acquainted with what Abacuck Bysset, improving upon Gavin Douglas, called his awin maternal Scottis language, but are acquainted with English. The book appeals more directly to Scotsmen, and many of them I trust will read it. They will find in it many points of interest and an easy means of studying their own national and by no means unbrilliant literature in all the three great stages of its history.
