Reviews

Extensive manual! Its such a great read. It really is loaded with knowledge and wisdom You wont really feel monotony at at any time of your time (that's what catalogs are for regarding if you ask me).

(Myrl Hintz)

MY LIFE: FROM COTTON PATCHES ON THE SOUTH PLAINS OF TEXAS TO NEGOTIATION TABLES IN CHINA AND NORTH KOREA

Jb Press, United States, 2015. Paperback. Book Condition: New. 214 x 149 mm. Language: English . Brand New Book ***** Print on Demand *****.This book is the account of an ordinary person whose life experiences were atypical. He was the fifth of seven children born into the home of a rural minister and educator. The author taught in public schools for six years. Personal economics forced him to become a telephone man, earn a master s degree, and receive certification as a professional engineer. The breakup of the Bell System was experienced from the inside. The last three years of his telecommunications experience were with the United Nation, and afforded him the opportunity to travel to more than forty-five countries. His UN tenure was during the chaos of network privatization and the retrenchment of centrally planned markets. Concurrently with his interesting professional career, he was a caregiver of a chronically ill spouse and father of an active daughter. He was a serious runner among other non-job passions. A spiritual story is also entwined: believer in childhood, atheist in his forties who regained faith some twenty years later. Details of death of first wife, remarriage followed by divorce, and third marriage at age seventy-five are included. The writer has made eight trips to Moldova to work with orphans. Excerpts Chapter 2 Streun s Barn . she had a gentle, soft facial expression in response to my smile. I took that as positive, but any response less than her coming over and slapping me would not have dampened my desire to know her. Chapter 7 Walsenburg Don t you say a word, I said slowly in a low, threatening tone. He again started to speak. I slammed him against the locker a second time with much greater force than the first while...
