Brand New Book ***** Print on Demand *****.Army Techniques Publication (ATP) 3-07.5 is the Army's doctrine for stability techniques. In conjunction with Army Doctrine Publication (ADP) 3-07, Army Doctrine Reference Publication (ADRP) 3-07, and Field Manual (FM) 3-07, it provides doctrinal guidance and direction for Army units conducting operations heavy with stability tasks. The purpose of ATP 3-07.5 is to provide leaders and Soldiers with the necessary knowledge regarding stability tasks. This ATP provides the conceptual framework for Army units to perform stability tasks across the range of military operations. It addresses stability tasks at operational and tactical levels. The principal audience for ATP 3-07.5 is all members of the profession of arms. Commanders and staffs at operational and tactical levels refer to applicable joint or multinational doctrine concerning the range of military operations and joint or multinational forces. Trainers and educators throughout the Army also use this manual. Commanders, staffs, and subordinates ensure their decisions and actions comply with applicable U.S., international, and, in some cases, host-nation laws and regulations. Commanders at all levels ensure their Soldiers operate in accordance with the law...
