CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 232 pages. Dimensions: 9.0in. x 6.0in. x 0.5in. THE best and most critical account of the History of Printing with movable type. Every document connected with the History of the Invention of Printing has been verified by the energetic and intelligent author. The mystery still remains who was the inventor of Printing That Gutenberg was an early printer Mr. Hessels fully admits. Only 200 copies were originally printed for sale. Mr. J. H. Hessels, the translator of Van der Lindes Coster Legend, commenced a series of articles about two years ago in the London Printing Times, under the title of Gutenberg: Was He the Inventor of Printing being a review of a more recent work by the same author entitled Gutenberg. The articles came to a sudden termination, the writer finding it necessary to consult various documents abroad in order to arrive at certain facts. The long silence which intervened has at, last been broken by the appearance of a handsome volume, now before us, in which Mr. Hessels has endeavoured to clear up the mystery so long surrounding the identity of the first printer and...
