Reviews

This book is fantastic. It is really simplistic but surprises inside the 50 percent of the publication. I am just happy to inform you that here is the very best publication i have read through inside my individual life and can be he greatest book for actually.

Not illustrated. 1852 Excerpt: .in the region of the sigmoid flexure; distension slight. 16th.--The symptoms were subsiding; the pain was relieved; the bowels had acted once and the evacuation was natural. Dec. 14th.--Convalescence had been exceedingly slow; ulceration of the bowels having set in, and with difficulty been subdued by means of Nitrate of silver and Opium, and successive blisters on the abdomen. There was considerable emaciation with urgent dyspepsia. February 14th, 1848.--Had no pain in the epigastrium; appetite and digestion good; bowels habitually costive. To have change of air and regular exercise. Bemarhs by Mr. Bishop.-- The cases of poisoning by this substance, which is now commonly used in the arts, are rare; no antidote is pointed out in toxioological works. But the first object is evidently to get rid of the poison; second, to decompose what cannot be thus got rid of. The first object is to be effected by emetics and the stomachpump: I should be inclined to rely most on the latter. The second, perhaps, will be best effected by the alkaline earths, although I should rather suspect the activity of chromate of lime. As near as I can ascertain this young man swallowed two ounces of the salt; he took as much as a handful out of the tub, and dissolved it in warm water; and so intent was he on destroying life, that, while dissolving it, he chewed several small crystals. Vomiting occurred in about five minutes after he swallowed the solution. From the...
