Reviews

Absolutely essential study pdf. It is written in basic words and phrases rather than hard to understand. I am just happy to tell you that this is basically the finest pdf I actually have studied during my personal lifestyle and can be the very best publication for actually.

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 116 pages. Dimensions: 9.7in. x 7.4in. x 0.2in. This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1907 Excerpt: . . . of greatest heat TABLE I. XXVII. -HOURLY FREQUENCY OF THUNDERSTORMS. Table LXXVII shows the total number of thunderstorms recorded as beginning within the stated hours in the 27 years from 1876 to 1903, during each month and during the entire year. and at the hour of the daily maximum temperature. In tabulating all thunderstorms which passed over Baltimore during a period of 28 years, a total of 678, we find the following distribution by months: Fig. 77. --The Frequency and Distribution of Thunderstorms. The diagram represents over 650 thunderstorms which passed over Baltimore in the 30 years from 1871 to 1900. The density of the shading increases with the frequency of the storms, showing a maximum frequency between 3 p. m. and 5 p. m. in the month of July. For the hours of the day and month during which less than five storms were recorded in 30 years, the actual number is indicated by the small dots. The figures attached to the curved lines represent the total frequency in 30 years. Fig. 78. --The Average Monthly Frequency of Occurrence of Thunderstorms. About five-sixths of the total annual number occur in the months of May, June, July and August. In the winter months they occur only at rare intervals, generally in connection with cyclonic storms which exhibit strong contrasts in temperature. The summer storms occur mostly in connection with shallow and not very well denned cyclonic depres Fig. 79. --The Annual Frequency of Occurrence of Thunderstorms...
