

## The Economic Consequences of Peace

By John Maynard Keynes

Createspace, United States, 2014. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.John Maynard Keynes (5 June 1883 - 21 April 1946), was a British economist whose ideas have profoundly affected the theory and practice of modern macroeconomics, as well as the economic policies of governments. He greatly refined earlier work on the causes of business cycles, and advocated the use of fiscal and monetary measures to mitigate the adverse effects of economic recessions and depressions. In the 1930s, Keynes spearheaded a revolution in economic thinking, overturning the older ideas of neoclassical economics. His ideas are the basis for the school of thought known as Keynesian economics. The Economic Consequences of the Peace was written in 1919. Keynes attended the Versailles Conference as a delegate of the British Treasury and argued for a much more generous peace. It was a best seller throughout the world and was critical in establishing a general opinion that the Versailles Treaty was a Carthaginian peace. It helped to consolidate American public opinion against the treaty and involvement in the League of Nations.

### Reviews

*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Ally Reichel**

*This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).*
