McKnight's Physical Geography: A Landscape Appreciation

By Darrel Hess

PHI Learning, 2011. Softcover. Book Condition: New. 5th or later edition. Carrying forth Tom McKnight's thematic focus on landscape appreciation, Physical Geography fosters a solid understanding of Earth and its physical features and processes. Featuring the clear, approachable writing style of Darrel Hess and a superior art program by renowned geoscience artist Dennis Tasa, the tenth edition incorporates the latest on climate change science, renewable energy resources, and the geographer's technology toolbox. Useful for undergraduate students of Geography and Geology.
