Statistical Indicators of eWork

By Ursula Huws

Institute for Employment Studies. Paperback. Book Condition: new. BRAND NEW, Statistical Indicators of eWork, Ursula Huws, This discussion paper arises from the EMERGENCE project, which, with core funding from the European Commission's Information Society Technologies Programme, aims to measure and map ICT-related employment relocation at a global level. It discusses the value and relevance of monitoring eWork, and the difficulties with existing classification systems. This paper draws on two earlier outputs from the project (a global review and analysis of existing literature and statistics, and an 18-country survey of employers' use of eWork) to discuss the implications of the results for the identification and capture of statistical indicators of eWork. The paper makes recommendations for future collection and analysis of statistics on the information economy.

Reviews

Absolutely essential go through publication. I am quite late in start reading this one, but better then never. You will not feel monotony at at any time of the time (that's what catalogues are for regarding if you ask me).

-- **Ambrose Thompson II**

This ebook is so gripping and intriguing. Better then never, though i am quite late in start reading this one. You wont really feel monotony at whenever you want of your own time (that's what catalogues are for about in the event you check with me).
