Not illustrated. 1902 Excerpt: .and the north half of the southeast quarter of section 4, township 14 North, 8 West. The rock is here about one mile from White River, and 450 feet higher than that stream. A portion of the rock in this locality could be mined by stripping; the larger part of it, however, would necessarily be mined by drifting, as the overburden is too thick to be removed. The overlying rock, except near the edges of the outcrop where it has been weathered away, is massive and would make good roof. The following section is exposed in a prospect pit in the northwest quarter of the southeast quarter of section 4 (Fig. 16), 14 North, 8 West. Bed No. 1, Red clay at the top of the pit 2, Four inches of clayey shale. 3. One and a half inches of green shaly phosphate rock. 4, Twelve...

Reviews

This publication may be really worth a go through, and a lot better than other. It really is writter in simple terms and never difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Natalie Abbott**

This book will not be simple to get going on reading but extremely exciting to read through. Yes, it can be play, still an interesting and amazing literature. I am very easily could possibly get a delight of reading a written book.
